Mission Statement in Light of the ICC Vision Statement:

The role of the Music Ministry is to be responsible for the total music program of the church including the control, maintenance and procurement of materials and equipment relevant to the program.

Ministry Goals & Responsibilities:

The work of the Music Ministry encompasses every manner and means by which God's people make a joyful noise to Him:

- Coordination of Praise Team, Special Music, Hand Bell's and Worship Choir as it relates to the worship service.
- Management of CCLI (copyright) License and procurement of other music.
- Coordinates equipment maintenance (piano tuning, bell refurbishing, etc.)
- Assist in the stage craft of the worship service (flowers, Easter cross, decorations, etc.)

Needs of the Ministry for the Coming Year:

Some of the goals for the Music Ministry are to improve the size of our worship choir and have more people interested in committing to the Hand Bell Choir. We would also like to have Christmas and Easter cantatas. We are looking to refurbish our hand bells.
